

Warrant Service

607.1 PURPOSE AND SCOPE

Best Practice

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

Best Practice MODIFIED

It is the policy of the Syracuse Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants. All warrants shall be executed pursuant to the requirements of CPL 690.

607.3 SWAT TEAM COMMANDER

Best Practice MODIFIED

The SWAT Team Commander or authorized designee (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The SWAT Team Commander or authorized designee will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Best Practice MODIFIED

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. The officer will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor. Based on the score from the risk assessment form, the supervisor may consult with the SWAT Team Commander for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

Best Practice **MODIFIED** NYSLEAP - 8.4 - 8.12 (B)

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the SWAT Team Commander for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the SWAT Team Commander. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

Agency Content

For the guidelines and procedures for the arrest and processing of fugitives from justice who are apprehended by the Syracuse Police Department see below.

Best Practice

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.
